

Education Discount

OXO 4K Camera

Education is increasingly using live and on demand videos to teach their students both on-campus and online. A high quality, easy-to-use and portable video system becomes essential for professors and students to continue to deliver the highest quality learning experience.

4K Stabilization

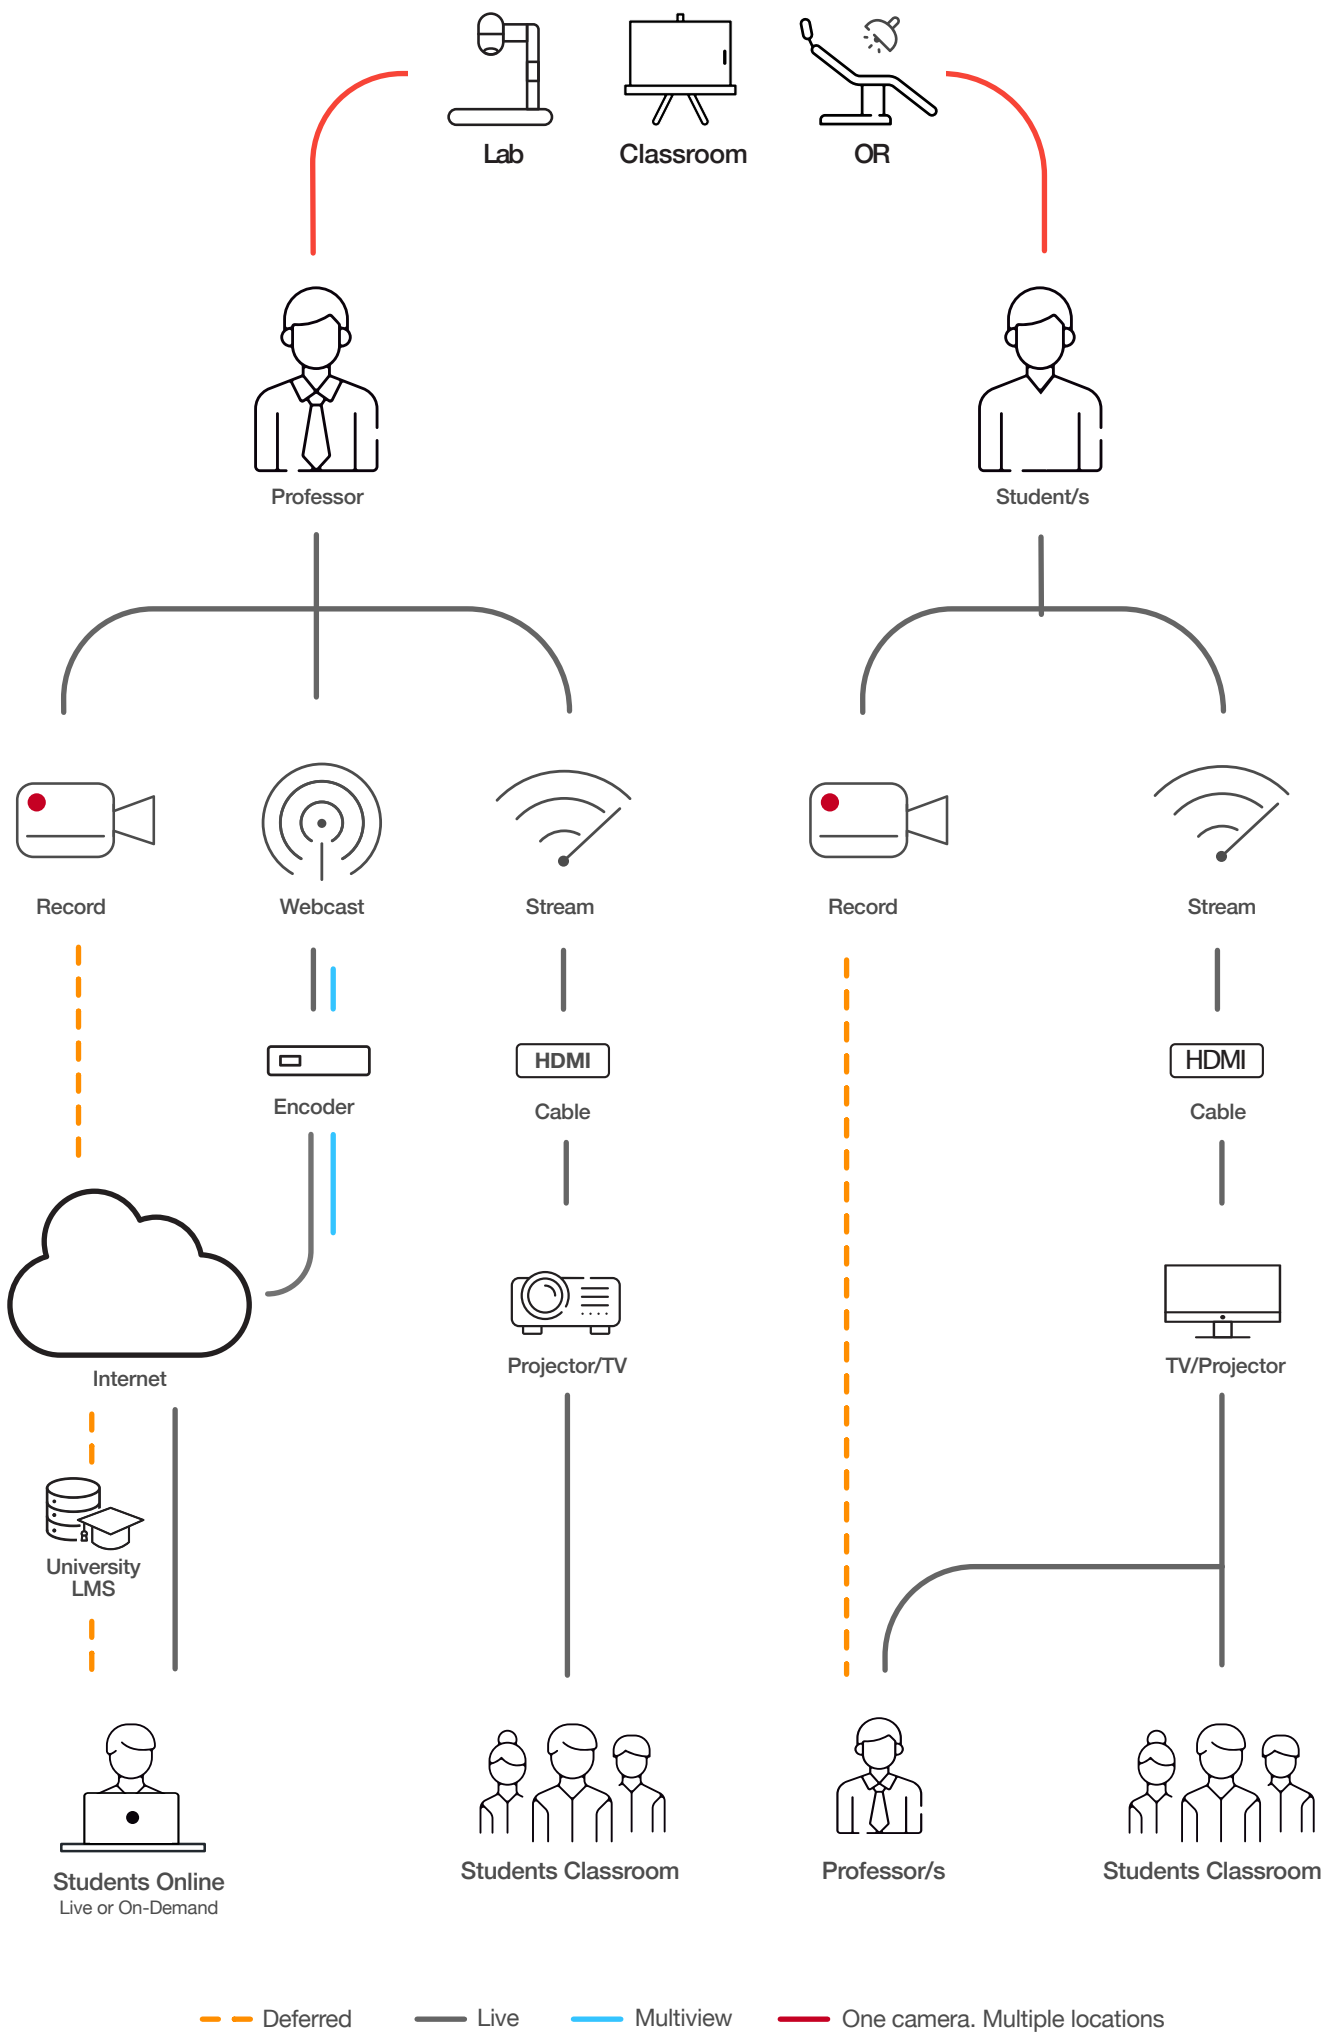

For the first time, 4K/30fps POV camera supports EIS. Keep doing what you're doing and let the EIS take care of stabilizing your work.

Fully Portable

OXO 4K Camera design fits in your pocket and is ready for recording your lesson/work in classroom, labs and OR.

Easy to Use

Advanced image quality settings for professionals, but keeps the interaction simple and intuitive, just like a smartphone
